August 10, 1993

Mr. David L. Roberts  
Management Services  
Virginia Department of Transportation  
1401 East Broad Street  
Richmond, Virginia 23219

Dear Mr. Roberts:

Here is my analysis of the filing requirement with the Registrar. The exemptions noted, in some instances, might not survive a strong challenge, but are defensible. I recognize the Registrar may allow only a listing, in lieu of filing. That might work for Speed limits and Weight limits reductions.

With respect to the Department of Rail and Public Transportation, the Rail Corridor Preservation and Industrial Rail Access both need to be filed, but are exempt from APA public hearing process per § 9-6.14:4.1B(4). I imagine that the Transit side have some documents, too, but have not been called upon to review them.

Sincerely,

A handwritten signature in cursive script that reads "John J. Beall, Jr.".

John J. Beall, Jr.  
Senior Assistant Attorney General

56/157

Attachment

Construction

1. Rules and Regulations Governing Pre-Qualification and Classification of Prospective Bidders.
2. Rules and Regulations Governing the Pre-Qualification and Classification of Prospective Bidders for Minimum Pre-Qualification.
3. Debarment and/or Suspension of Contractors Policy.
4. Road and Bridge Specifications 
5. Special Provisions in contracts
6. Copied notes on Plans
7. Construction Manual
8. Construction/Maintenance Claims Manual
9. Construction Phase Inspection Manual

The first three documents need to be filed with the Registrar. In fact, the first document went through the APA process. That document and documents 2 and 3 are exempt from APA § 9-6.14:4.1B(2).

The remaining documents do not have the "force of law." I see documents 4, 5 and 6 as being strictly contractual clauses and documents 7, 8 and 9 as instructional and internal, having no "force of law."

## **SUMMARY OF DOCUMENT INCORPORATED BY REFERENCE**

### ***VDOT'S ROAD & BRIDGE SPECIFICATIONS***

VDOT's *Road and Bridge Specifications* contain the technical information and procedural rules for all construction and maintenance contracts awarded by the Commonwealth Transportation Board. The *Specifications* address topics such as: bidding rules and conditions; the process governing the award and execution of contracts; submissions and disposition of claims; the authority and responsibilities of VDOT and the contractor; materials specifications; construction specifications concerning roadways, bridges and structures; incidental construction specifications; and roadside development specifications. The *Specifications* or special provisions, or both, are incorporated into construction and maintenance contracts, and are available to the public. Table of Contents are attached.
