APPLICATION FOR LICENSURE BY ENDORSEMENT - LICENSED PRACTICAL NURSE

I hereby make application for licensure by endorsement as a **Licensed Practical Nurse** in the Commonwealth of Virginia. The following evidence of my qualifications is submitted with a **check or money order** in the amount of **\$170** made payable to the *Treasurer of Virginia*. **The application fee is non-refundable.**

PLEASE NOTE: *A copy of your current license must be submitted if you intend to work in Virginia pending licensure.*

Disclosure of Addresses

State law requires DHP to collect an official Address of Record from every healthcare professional licensed, registered, or certified by a health regulatory board. The Address of Record is the formal, official mailing address to which all business mail related to your license will be sent, including renewal notices, licenses, notices and orders issued by the boards, and other legal documents. Typically, licensees use their home address as their Address of Record. In most cases, it is permissible for you to provide an Address of Record other than your home address, such as a Post Office Box or a practice location. However, it must be a valid address served by the U.S. Postal Service.

Consistent with Virginia law and the mission of the Department of Health Professions, addresses of licensees are made available to the public. Normally, the Address of Record is the publically disclosable address. If you do not want your Address of Record to be made public, state law allows you to provide a second, publically disclosable address. Typically, this other address is the work or practice address. If you would like for your Address of Record to be made available to the public, complete both sections with the same address. If you provide us with a secondary address that is different than the Address of Record, the secondary address will be made available to the public and the Address of Record will not. **It is important to understand that nothing will be mailed to the secondary address by either the Department of Health Professions or the regulatory boards.**
