## **CHAPTER III RECIPIENT ELIGIBILITY**

### **DETERMINING ELIGIBILITY**

Eligibility determinations are made by local departments of social services. Inquiries from persons who wish to apply for medical assistance should be referred to the local department of social services in the locality in which the applicant resides. DMAS will not pay providers for services, supplies, or equipment until eligibility has been determined. (See "Assistance to Patients Possibly Eligible for Benefits.") Once found eligible, coverage can be retroactive for up to three months before the month in which the application for benefits was filed.

To be eligible for full Medicaid benefits, an individual must be a resident of Virginia and a U.S. citizen or an alien qualified for full benefits. Aliens who do not qualify for full Medicaid benefits due to their alien status may be eligible for Medicaid coverage of emergency services if they meet all other Medicaid eligibility requirements. Recipients are eligible either as "categorically needy," "medically needy," or "medically indigent."

#### Emergency Medicaid Services for Aliens

Local departments of social services determine eligibility for receipt of emergency Medicaid coverage based on regular eligibility criteria and documentation from the provider of services that emergency services were provided. Referrals to the local department of social services may come from the provider or from the alien. (See Chapter I for information on the covered services and the coverage criteria.) For purposes of this section, labor and delivery are considered emergency services.

Documentation of the emergency treatment will be verified by the local department of social services through the patient's medical record obtained from the provider. This documentation must include all required Medicaid forms and a copy of the recipient's complete medical record. (For inpatient hospital stays, this documentation will be the medical record for the entire hospitalization up to the 21-day limit for those over age 20.) The local department of social services will submit this documentation to Medicaid for approval of the coverage of treatment and for establishment of the time for which this coverage will be valid.

If the recipient is found eligible and the emergency coverage is approved by Medicaid, each provider rendering emergency care will be notified via the Emergency Medical Certification Form of the recipient's temporary eligibility number for coverage of the treatment of the conditions during the time stated on this form. This form will also be used to notify providers if an alien is not eligible for emergency care. (See "Exhibits" at the end of this chapter for a sample of this form.)

Manual Title	Chapter	Page
All Manuals	III	2
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

### Categorically Needy

Categorically needy individuals may be eligible if they fall into one of the following categories:

- Aged (eligible for Supplemental Security Income)
- Blind (eligible for Supplemental Security Income)
- Disabled (eligible for Supplemental Security Income)
- Temporary Assistance to Needy Families recipients (TANF)
- Auxiliary Grants recipients (AG)
- Hospice recipients (Effective July 1, 1993)
- Newborns up to age one year whose mothers are eligible for and receiving Medicaid or would be eligible if they were pregnant
- Low-Income Families with Children
- Aged, Blind and Disabled Individuals who have a protected status
- Children under age 21 in the care of public or private child caring agencies
- Children under age 21 in nursing facilities or ICF-MR
- Children under age 21 in subsidized adoptions
- Individuals eligible for TANF or SSI but not receiving it
- Individuals who would be eligible for SSI or TANF except for a reason prohibited under Title XIX
- Individuals in long-term care institutions with income under a special income cap
- Individuals receiving services under a home and community-based care waiver with income under a special income cap

### Medically Indigent

Individuals considered as "medically indigent" include:

1. Pregnant women with income up to 133% of the Federal Poverty Guidelines. A medically indigent pregnant woman remains in that classification until the end of the 60-day postpartum period.
2. Children under age six whose parents' income is within 133% of the Federal Poverty Guidelines. Infants remain eligible for Medicaid up to

Manual Title	Chapter	Page
All Manuals	III	3
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

their first birthday as long as the mother is Medicaid-eligible or would be eligible if pregnant. Infants and children in this classification who are receiving inpatient services on the date they reach the maximum age for coverage as medically indigent will continue to be eligible for inpatient services until the end of the stay for which the inpatient services are furnished.

3. Children who have attained six years of age but who have not attained nineteen years of age with income up to 133% of the Federal Poverty Guidelines. Children in this classification who are receiving inpatient services on the date they reach the maximum age for coverage as medically indigent will continue to be eligible for inpatient services until the end of the stay for which the inpatient services are furnished.
4. Aged, blind, and disabled individuals with income up to 80% of the federal poverty level. This group is eligible for full Medicaid benefits and QMB benefits.
4. Qualified Medicare Beneficiaries (QMBs) with income up to 100% of the Federal Poverty Guidelines. This group is eligible for Medicaid coverage of Medicare premiums, deductibles, and coinsurance only.
5. Qualified Medicare Beneficiaries—EXTENDED- (QMB-DUALLY ELIGIBLE)- with income up to the Medicaid income limits. This group is eligible for Medicaid coverage of premiums, deductibles, and coinsurance plus all other Medicaid-covered services.
6. Qualified Disabled and Working Individuals with income up to 200% of the Federal Poverty Guidelines. This group is eligible for Medicaid payment of the Medicare Part A premiums only.
7. Special Low-Income Medicare Beneficiaries (SLMB)—with income up to 120% of the Federal Poverty Guidelines. This group is eligible for Medicaid coverage of the Medicare Part B premium only.
8. Qualified Individuals-1 (QI-1)—with income equal to or greater than 120% but less than 135% of the Federal Poverty Guidelines. This group is eligible for Medicaid coverage of the Medicare Part B premium only. Medicaid coverage for this group is not an individual entitlement.
9. Breast and Cervical Cancer Prevention and Treatment Act-- women who were certified through the Breast and Cervical Cancer Early Detection Program. This group is eligible for the full range of Medicaid services.
10. Plan First – with income equal to or less than 133% of the Federal Poverty Guidelines. This group is eligible for limited Medicaid family planning services only.

Manual Title	Chapter	Page
All Manuals	III	4
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

### Medically Needy

Medically needy recipients generally meet all the eligibility requirements for categorically needy coverage, except that their income exceeds the categorically needy limits. Medically needy recipients are eligible if they fall into the following categories and have income and resources within the medically needy limits:

- Aged
- Blind
- Disabled
- Individuals who received Medicaid in December 1973 as AB/APTD-related medically needy and who continue to meet the December 1973 eligibility requirements
- Pregnant women
- Low-Income children under age eighteen
- Newborn children up to age one if the mother is eligible for Medicaid or would be eligible if she were pregnant
- Children under age 21 in nursing care facilities or ICF-MR
- Children in subsidized adoptions
- Children under age 21 in the care of public or private child-caring agencies

Even if a Medicaid applicant's income is over the Medicaid limit, that applicant may become eligible for a limited period of Medicaid coverage if all other eligibility factors are met. This is called a "spend-down." The applicant's medical expenses must equal or exceed the difference between his or her income and the Medicaid income limit. If the allowable medical expenses of the applicant equal this spend-down amount before the end of a budget period (six-month period for non-institutionalized individuals or a one month period for institutionalized individuals), the applicant may receive a limited period of Medicaid coverage which will stop at the end of the budget period. Eligibility must be redetermined in order to establish eligibility in subsequent budget periods.

### Medicaid Eligibility for Institutionalized Individuals

Medicaid policies regarding the eligibility of institutionalized individuals allow a different method of determining income and resource eligibility and computing post-eligibility income for situations where an institutionalized individual has a community spouse.

The institutionalized individual is defined as one who is an inpatient in a medical institution or nursing facility or one who receives home and community-based care waiver

Manual Title	Chapter	Page
All Manuals	III	5
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

services such as personal care, adult day health care, or respite care. The institutionalized individual's spouse at home is referred to as the community spouse. The community spouse will be able to keep a specified amount of income and resources to enable the community spouse to continue to meet maintenance needs in the community (e.g., mortgage and utility costs). The institutionalized spouse will be allowed to transfer a certain amount of resources to the community spouse without penalty according to the determination made by the local social services department.

Prior to applying for Medicaid, the institutionalized individual or the community spouse can request a resource assessment. The local department of social services completes the resource assessment document which produces a compilation of a couple's combined countable resources at the time one spouse becomes institutionalized and a calculation of a spousal share.

The resource assessment is available only to married persons institutionalized or receiving home and community-based care for a continuous period that began on or after September 30, 1989. The resource assessment does not have to be part of a Medicaid application.

## **RECIPIENT ELIGIBILITY CARD**

A plastic eligibility card is issued to recipients to present to participating providers. **The provider is obligated to determine that the person to whom care or service is being rendered is the same individual listed on the eligibility card.** The provider has the responsibility to request such identification as he or she deems necessary. Presentation of a plastic ID card is not proof of coverage nor guarantee of payment. A sample of an eligibility card is included under "Exhibits" at the end of this chapter.

Eligibility for Medicaid benefits must be confirmed each time service is rendered. Verification can occur through a verification vendor, the voice response system, or the web-based verification system.

Some individuals have coverage under a Virginia Medicaid contracted managed care organization and should not receive services outside their network without a referral.

The verification response will advise if the enrollee has restrictions such as a MEDALLION primary care provider, contracted MCO enrollment, or a primary payer.

The provider must determine if the service is within the dates of eligibility. Benefits are available only for services performed during the indicated period of eligibility. These dates must be checked prior to rendering any service.

**Note: Medicaid will not pay for care or services rendered before the beginning date or after the end date of eligibility.**

Bank Identifier

Manual Title	Chapter	Page
All Manuals	III	6
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

The top six numbers on the plastic card represent the BIN, or bank identifier, which is required for pharmacy benefit cards under the National Council of Prescription Drug Programs (NCPDP).

#### Name of Eligible Person

An eligibility card is issued to each person eligible for Medicaid services, except for Medicare premium payments. Check the name against another proof of identification if there is any question that the card does not belong to the patient.

#### Recipient's Eligibility Number

The recipient's complete eligibility number is embossed on the front of the eligibility card. Eligibility numbers are distinct and permanent. When an enrollee relocates or moves into another case, or has a break in eligibility, he keeps the same number and the same card. This number serves as a “key” in verifying current eligibility status.

**To fulfill the requirements of claims processing, it is essential that all 12 digits be entered on Medicaid forms for billing purposes.**

#### Date of Birth

The date of birth indicates the recipient's age and identifies eligibility for those services with age restrictions, such as dental care for recipients under 21 years of age. The date of birth should be checked prior to rendering any services. The provider should verify the age of the recipient. If the provider has a question as to the age of the recipient, means of identification other than the Medicaid card should be examined.

#### Sex

The recipient's gender is indicated on the card.

#### Card #

The sequential number of the enrollee's card is given. If a card is lost or stolen and another is issued, the prior card will be de-activated and will not confirm eligibility using the magnetic “swipe” mechanism.

#### Cardholder's Signature (on back)

The signature line provides another element of verification to confirm identity.

Manual Title	Chapter	Page
All Manuals	III	7
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

## VERIFICATION OF RECIPIENT ELIGIBILITY

A new eligibility card will not be routinely sent to the recipient. Replacement cards must be requested and the reason for replacement given. **It is in the best interest of the provider to review the card each time services are rendered. Possession of a card does not mean the holder is currently eligible for benefits.** It is the obligation of the provider of care to determine the identity of the person named on the eligibility card and the current eligibility status.

### Program/Benefit Package Information

Recipients' benefits vary depending upon the program in which they are enrolled. The eligibility verification will provide information on which program the recipient is participating in. Examples of these programs include MEDALLION, Medallion II, Medicaid fee-for-services and Medicare premium payment.

Qualified Medicare Beneficiaries (QMBs) are eligible only for payment of Medicare premiums, deductibles, and coinsurance. Review of eligibility status is essential to prevent billing Medicaid for non-covered services for this group. Qualified Medicare Beneficiaries—EXTENDED (QMBs-Dually Eligible) are entitled to the full range of services under Medicaid and Medicare.

### Special Indicator Code (Copayment Code)

The Special Indicator Code indicates the status of copayments or eligibility for certain additional services. These codes are:

<u>Code</u>	<u>Message</u>
A	Under 21 - No copay exists.
B	Individuals Receiving Long-Term Care Services, Home or Community-Based Waiver Services, or Hospice Care - No copay is required for any service.
C	All Other Recipients - Copays apply for inpatient hospital admissions, outpatient hospital clinic visits, clinic visits, physician office visits, other physician visits, eye examinations, prescriptions, home health visits, and rehabilitation service visits. (Some verification methods may return a yes/no response. Yes = copays apply. No = copays do not apply)

The following copay exemptions apply:

- Enrollees in managed care organizations may not have to pay copays.
- Pregnancy-related services or family planning clinic visits, drugs, and supplies are exempt from copays for all recipients.

Manual Title	Chapter	Page
All Manuals	III	8
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

- No copayments apply for any emergency services for any recipient, with one exception for recipients in Client Medical Management with a pharmacy restriction. Please refer to the Client Medical Management exhibit in Chapter 1 for more information on this exception.

### Insurance Information

The “Insurance Information” in the verification response indicates any type of insurance coverage the recipient has in addition to Medicaid. This information includes specific insurance companies, dates of coverage, policy numbers, and a code that specifies the particular type of coverage of the policy. These items are:

Carrier Code	A three-digit code indicating the name of the insurance carrier, e.g., 001 for Medicare (See Insurance Company Code List for these code numbers in “EXHIBITS” at the end of this chapter.) If the carrier code is 003 (not listed), call the client's local eligibility worker for assistance in obtaining the name of the insurance carrier.
Begin Date	The first date on which this insurance policy was effective
Type Code	An alpha character describing the type of coverage provided by the policy, such as a "T" for dental coverage. (See the Type of Coverage Code List under “EXHIBITS” at the end of this chapter for a list of these codes.)
Policy Number/ Medicare Code	The specific policy or Medicare number for the insurance identified by the Carrier Code

Only insurance information for active policies during the period for which eligibility is requested is provided at verification. If the patient reports insurance information different from what is on the card, refer the patient to his or her local department of social services worker to correct the data so bills will be processed correctly.

Under the assignment of benefits regulations, DMAS can act on behalf of the recipient (subscriber) and recover third-party payment from the primary carrier.

Workers' Compensation and other liability insurances (e.g., automobile liability insurance or home accident insurance) **are always considered as primary carriers** for cases where coverage is applicable to the injury being treated. Because the recipient's eligibility card cannot indicate this coverage, it is necessary that cause-of-injury information be obtained from the patient.

### Primary Care Providers (PCPs) for the Client Medical Management Program

Eligibility verification will list the names of designated primary care providers (physician

Manual Title	Chapter	Page
All Manuals	III	9
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

and/or pharmacy). A primary care designation or restriction is imposed by the Recipient Monitoring Unit of DMAS as a result of high utilization of services by the recipient causing unnecessary or duplicate services. The designated providers must agree to the relationship prior to the designation appearing on the recipient's card. Unless it is an emergency, do not provide services without contacting the primary care provider first for authorization.

### MEDALLION PCP

Eligibility verification will list the name of the client's PCP in the MEDALLION program. Other medical professionals must have a referral from the PCP before rendering services.

### Managed Care Organization (MCO)

Some enrollees have coverage through a managed care organization. In general, all services provided under the Medicaid State Plan, with the exception of certain carved out services, are the responsibility of the MCO. Additionally, a managed care enrollee will revert back to traditional Medicaid coverage upon enrollment into certain exclusionary programs, as listed in 12VAC30-120-370, such as the Technology Assisted home and community based care waiver, hospice, nursing facilities, or treatment foster care/residential treatment facility for children under age 21. Foster care children enrolled in TFC case management who are in the custody of Richmond City Department of Social Services will be enrolled in managed care but TFC services are carved out of the MCO contract.

Individuals enrolled with a MCO that subsequently meet one or more of the criteria outlined in 12VAC30-120-370, subsection B, during MCO enrollment will be disenrolled as appropriate by DMAS, with the exception of those who subsequently become enrolled into the AIDS, IFDDS, MR, EDCD, Day Support, or Alzheimers federal waiver programs for home and community-based Medicaid coverage. These individuals shall receive acute and primary medical services via the MCO.

Transportation to acute and primary care services shall be paid by the MCO. Transportation to waiver related services shall be the responsibility of and payable by FFS Medicaid via the FFS contracted transportation vendor.

Individuals excluded from mandatory managed care enrollment will receive Medicaid services under the current fee-for-service system. When enrollees no longer meet the criteria for exclusion, they will be required to enroll in the appropriate managed care program.

The MCOs pay for preauthorized, family planning or emergency services when provided outside the MCO network. Preauthorized, family planning or emergency care provided to a Medallion II client by a provider or facilities not participating in the MCO's network are reimbursed according to either a prenegotiated amount or the current Medicaid fee schedule. This reimbursement shall be considered payment in full to the provider or facility of emergency care.

MCOs issue their own cards to enrollees. However, using the plastic eligibility card will

Manual Title	Chapter	Page
All Manuals	III	10
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

provide verification of managed care enrollment information.

## **RECIPIENT WITHOUT AN ELIGIBILITY CARD**

A recipient who seeks services without a current eligibility card should be considered responsible for all charges incurred unless eligibility is verified. The provider can verify eligibility without the card using two other identification keys, including name, Social Security Number, and date of birth. These can be used to access the MediCall automated System, the verification vendors, and the web verification system (ARS). See Chapter 1 for further information about verification methods.

## **ASSISTANCE TO PATIENTS POSSIBLY ELIGIBLE FOR BENEFITS**

If a patient is unable to pay for services rendered, the provider may refer the patient or the patient's representative to the local department of social services for an application for Medicaid. The local department of social services will notify the patient of eligibility or ineligibility. Medicaid assumes no financial responsibility for services rendered prior to the effective date of the recipient's eligibility. The effective date of Medicaid eligibility may be retroactive up to three months prior to the month in which the application was filed if the patient was eligible during the retroactive period. Medicaid does not reimburse recipients for out-of-pocket expenses. Once a patient is found eligible, providers may bill Medicaid for covered services, and upon receipt of payment from Medicaid, must reimburse the patient for the out-of-pocket expenses.

## **MEDICAID APPLICATIONS AND REDETERMINATIONS--AUTHORIZED REPRESENTATIVE POLICY**

Medicaid eligibility requirements are strict and require an applicant or someone conducting business on his or her behalf to attest to citizenship or alien status, declare all income and assets, and make assignment of insurance and medical support benefits. In order to accurately determine eligibility, local departments of social services must ensure that an individual who files an application or someone conducting business on behalf of the applicant has full knowledge of the applicant's situation and can provide correct information.

### Applications

A Medicaid applicant must sign the application form unless the application is filed and signed by the applicant's legal guardian or committee, attorney-in-fact, or authorized representative. If the applicant is unable to sign his or her name but can make a mark, the mark must be designated "his/her mark" and witnessed by one person. A child under age 18 cannot legally sign a Medicaid application for himself or herself unless he or she is legally emancipated from his or her parents. If a child is not legally emancipated, his or her parent or legal guardian, **an authorized representative designated by the parent or legal guardian, or a caretaker relative with whom the child lives** must sign the application.

Manual Title	Chapter	Page
All Manuals	III	11
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

*Exception: A minor child under 18 years of age may apply for Medicaid on behalf of his or her own child.*

A legally competent individual age 18 or older may authorize anyone to file a Medicaid application on his or her behalf provided that the authorization is in writing, identifies the individual or organization authorized to conduct business on his or her behalf, and is signed by the individual giving the authorization. When an individual has been determined by a court to be legally incompetent or legally incapacitated, the individual's legally appointed committee or guardian is the individual's authorized representative and can apply for Medicaid on the individual's behalf.

If an individual does not have a legal guardian or authorized representative and is mentally unable to sign an application or designate a representative, the individual's spouse will be considered the authorized representative for Medicaid purposes. In situations where the individual is not married, is estranged from his or her spouse, or the spouse is unable to represent him or her, a relative of the individual who is willing to take responsibility for the individual's Medicaid business may be considered his or her authorized representative. Relatives who may be considered authorized representatives in this situation are, in this order, the individual's:

- Adult child;
- Parent;
- Adult sibling;
- Adult niece or nephew; or
- Adult aunt or uncle.

If it is determined that an individual cannot sign an application and does not have an attorney-in-fact or authorized representative, a Medicaid application may be filed by someone other than an authorized person provided the individual's inability to sign the Medicaid application is verified by a written statement from the individual's doctor. The statement must indicate that the individual is unable to sign and file a Medicaid application because of his or her diagnosis or condition. The local department of social services will pend the application until it can be appropriately signed if it is determined that court action has been initiated to have a guardian or committee appointed for the individual or until an Adult Protective Services investigation concludes that guardianship proceedings will not be initiated. Under no circumstances can an employee of, or an entity hired by, a medical service provider who stands to obtain Medicaid payment file a Medicaid application on behalf of an individual who cannot designate an authorized representative.

An application may be filed on behalf of a deceased person by his or her guardian or committee, attorney-in-fact, executor or administrator of his or her estate, surviving spouse, or a surviving family member, in the following order of preference: adult child, parent, adult sibling, adult niece or nephew, or adult aunt or uncle. The application must be filed within a three-month period subsequent to the month of the individual's death. Medicaid coverage can be effective no earlier than three months prior to the application month. Under no circumstances can an employee of, or an entity hired by, a medical service provider who stands to obtain Medicaid payment file a Medicaid application on behalf of a deceased individual.

Manual Title	Chapter	Page
All Manuals	III	12
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

### Redeterminations

A Medicaid recipient must sign the redetermination application form unless the application is filed and signed by the applicant's legal guardian or committee, attorney-in-fact, or authorized representative. If the applicant is unable to sign his or her name but can make a mark, the mark must be designated "his/her mark" and witnessed by one person. If a child under age 18 is not legally emancipated, his or her parent or legal guardian, an authorized representative designated by the parent or legal guardian, or the caretaker relative with whom the child lives must sign the redetermination form.

When it is reported that an adult recipient cannot sign the application and the recipient does not have a guardian, committee, attorney-in-fact, or authorized representative, an individual identified below who is willing and able to take responsibility for the recipient's Medicaid business will be considered the recipient's authorized representative. The individuals are, in this order of preference, the recipient's:

- Spouse;
- Adult child;
- Parent;
- Adult sibling;
- Adult niece or nephew;
- Adult aunt or uncle; or
- Representative payee to include an employee of, or an entity hired by, a medical service provider who stands to obtain Medicaid payment (only for those recipients who were in a medical facility and eligible for Medicaid on October 1, 1996).

The recipient's inability to sign the redetermination application must be verified by a written statement from the individual's doctor. The statement must indicate that the individual is unable to sign the Medicaid redetermination application because of his or her diagnosis or condition.

If the individual cannot sign the redetermination application and does not have an attorney-in-fact or authorized representative, the local department of social services will determine if court action has been initiated to have a guardian appointed for the recipient or will refer the case to Adult Protective Services for investigation. If the recipient is otherwise eligible, Medicaid coverage will continue until a guardian or committee is appointed and can sign the redetermination application or until an Adult Protective Service investigation concludes that guardianship proceedings will not be initiated and the redetermination can be signed by the recipient or his or her authorized representative.

### **NON-MEDICAID PATIENT RELATIONSHIP**

Medicaid-eligible recipients who elect to be treated as private patients or who decline to verify their Medicaid eligibility with providers, will be treated as private pay patients by the provider and by DMAS. Providers are required to furnish supporting documentation whenever patients fall into either of these categories.

Manual Title	Chapter	Page
All Manuals	III	13
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

## **NEWBORN INFANT ELIGIBILITY**

All newborn days, including claims for “well babies,” must be submitted separately. “Well baby” days cannot be processed as part of the mother’s per diem, and no information related to the newborn must appear on the mother’s claim.

A newborn infant is automatically eligible for Medicaid if the mother is eligible on the day she gives birth. The infant must be enrolled, however, and receive his or her own Medicaid eligibility number.

The Newborn Eligibility Report (DMAS-213) should be completed by the hospital and sent to the local department of social services to obtain a number for billing purposes. The mother will not have to contact the local department of social services to obtain the Medicaid identification number for the newborn IF the DMAS-213 is utilized; however, she may still choose to do this herself.

The provider can verify newborn eligibility from the card using two other identification keys, including name, social security number, and the date of birth. These can be used to access the AVRS (MediCall), the verification vendors, and the web-based system, ARS. See chapter I for more information on eligibility verification.

## **MEDICAID ELIGIBILITY FOR HOSPICE SERVICES**

To be eligible to elect hospice as a Medicaid benefit, an individual must be entitled to Medicaid benefits and be certified as terminally ill. "Terminally ill" is defined as having a medical prognosis that life expectancy is six months or less. If the individual is eligible for Medicare as well as Medicaid, the hospice benefit must be elected or revoked concurrently under both programs.

## **GUIDELINES ON INMATE STATUS**

Section 1905(a)(24)(A) of the *Social Security Act* excludes from Medicaid coverage payments for care and services rendered to any individual who is an "inmate of a public institution" unless that individual is a patient in a medical institution.

This provision permits Medicaid payment for individuals who reside in publicly operated medical institutions but prohibits Medicaid payment for services rendered to individuals who are "inmates" of public institutions. There are instances in which an individual residing in a medical institution is barred from Medicaid eligibility because he or she is also an "inmate" of a public institution. These guidelines are designed to assist staff in evaluating individuals to determine if their care in medical institutions qualifies for Medicaid payment.

Qualification for Medicaid payment is determined by ascertaining:

1. Whether the institution in which the individual resides is a public institution;
2. Whether it is an exempted institution (medical, educational, or vocational); and

Manual Title	Chapter	Page
All Manuals	III	14
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

3. Whether the individual residing therein is an "inmate of a public institution".

A public institution is defined as "an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control" (42 CFR 435.1009).

Exempted public institutions are "medical institutions," "intermediate care facilities," and "publicly operated community residences that serve no more than 16 residents" (42 CFR 435.1009). Intermediate care facilities as a result of OBRA '87 are now called nursing facilities. Intermediate care facilities for the mentally retarded are also considered to be medical institutions for purposes of this section.

An inmate of a public institution is defined as "a person who is living in a public institution unless that person

1. is in a public educational or vocational training institution for purposes of securing education or vocational training, or
2. is in a public institution for a temporary period pending other arrangements appropriate to his or her needs" (42 CFR 435.1009).

In determining qualification for Medicaid payment, it is necessary to determine the nature of the physical placement of an individual (i.e., where he or she actually lives) and the purpose of the placement (i.e., is the reason for placement either educational or vocational?). If the institution is a public institution, the individual may still be eligible if the purpose of the placement is educational or vocational. This is particularly important in evaluating placements in psychiatric facilities or programs where the placing agency is the local school division.

Commitment to public institutions under the penal system has an effect on eligibility for Medicaid payment. The state mental hospital system accepts transfers and commitments from the courts or penal facilities operated by the Department of Corrections or the Department of Juvenile Justice. In cases in which the individual is imprisoned because he or she has been accused or convicted of a crime, neither of the two exceptions to "inmate" status listed above applies.

The *State Medicaid Manual* states "[w]hen a person is incarcerated in the penal system because he has been accused or found guilty of a criminal offense, his status as an inmate is not terminated until he is released from the institution on parole or otherwise." Individuals are inmates during the period before trial or other disposition of the charges or after conviction. Under federal guidelines, the State assumes full responsibility for a prisoner's care, wherever provided. Inmate status continues until the indictment is dismissed or he or she is released from custody either as "not guilty" or for some other reason such as bail, parole, or pardon.

It does not matter whether the offense is a misdemeanor, a felony, or a delinquent act. If he or she is serving a sentence in a prison, jail, or other correctional facility and is transferred to a mental or other medical facility, he or she is still an inmate. Thus, individuals placed

Manual Title	Chapter	Page
All Manuals	III	15
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

in psychiatric facilities from prison or juvenile correctional facilities retain their inmate status, and their care does not qualify for Medicaid payment.

An individual is considered an "inmate" of a penal institution even during a pretrial period when the basis for his placement is only accusation, and not conviction, of a crime. Thus, even though the reason for transfer to the mental hospital is temporary, he is still considered an inmate for purposes of Medicaid. In the *State Medicaid Manual* the Secretary of Health and Human Services has interpreted such an individual to be an inmate because "it is as yet unclear whether an individual's placement is of a long-term or purely temporary nature."

The *State Medicaid Manual* further states that "[a] person is considered an inmate of a penal institution if he is incarcerated under process of the penal system..." The word "incarcerated" is important. A facility in which a person is confined "under process of the penal system" is to be considered a "penal institution." Thus, local juvenile detention centers which are secure facilities are "penal institutions." However, local group homes operated by local court service units are not penal institutions because they are not secure. In evaluating individuals who are placed into psychiatric hospitals from programs operated by local court service units, it is necessary to ascertain the nature of the facility in which the individual resided prior to admission to the psychiatric hospital. "If a person detained by legal process is sent directly to a medical institution... there is no other public institution of which he may be considered, even constructively, to be an inmate. Irrespective of such a person's status under the penal system, he cannot be considered an inmate of a public institution."

#### Examples:

1. An adolescent is serving a sentence at a penal institution and attempts suicide. He is transferred to the adolescent unit at Central State Hospital for evaluation or treatment. He is not eligible for Medicaid even though he resides in a medical institution because he is still incarcerated under the penal system. When his treatment is complete, he will return to the penal system to continue his sentence.
2. An adolescent charged with murder is sent from the local jail to Central State Hospital to determine whether she is competent to stand trial. She is considered an inmate since she remains under indictment and has resided in a penal institution. Even if she is found incompetent to stand trial, she can be tried at some later date when she has gained competency. She remains an inmate until the charges against her are dismissed or she is tried and found not guilty.
3. A juvenile is committed to the custody of the Department of Juvenile Justice after a court hearing because he is determined to be a child in need of services. The local court services unit or the Department of Juvenile Justice determines that he is in need of inpatient psychiatric services and he is placed directly in a Medicaid-enrolled psychiatric hospital. He is not considered an inmate of a public institution because he resides in a medical institution. He has never

Manual Title	Chapter	Page
All Manuals	III	16
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

resided in a public penal institution, and he is not under sentence. When his treatment is completed, he will return to the community. The fact that the Department of Juvenile Justice holds custody does not make him an "inmate."

### Medicare Catastrophic Coverage Act of 1988

The Medicare Catastrophic Coverage Act of 1988 and other legislation require State Medicaid Programs to expand the coverage of services to certain low income Medicare beneficiaries known as Qualified Medicare Beneficiaries (QMBs).

#### **QMB Coverage Only**

Recipients in this group are eligible for Medicaid coverage of Medicare premiums and of deductible and coinsurance up to the Medicaid payment limit, less the recipient's copayment on allowed charges for all Medicare-covered services. Their Medicaid verification will provide the message "QUALIFIED MEDICARE BENEFICIARY--QMB." The Medicare coinsurance is limited to the Medicaid fee when combined with the Medicare payment.

#### **QMB Extended Coverage**

Recipients in this group will be eligible for Medicaid coverage of Medicare premiums and of deductible and coinsurance up to the Medicaid payment limit on allowed charges for **all** Medicare-covered services **plus** coverage of **all** other Medicaid-covered services listed in Chapter I of this manual. This group's Medicaid verification provides the message, "QUALIFIED MEDICARE BENEFICIARY--QMB EXTENDED." These recipients are responsible for copays for pharmacy services, health department clinic visits, and vision services.

#### **Plan First**

Men and women enrolled in Plan First can receive limited Medicaid covered family planning services. This group's Medicaid verification provides the message, "PLAN FIRST - FAMILY PLANNING SERVICES ONLY." See the Plan First Manual for more information.

#### **All Others**

Recipients without ANY of these messages at time of verification will be eligible for those covered services listed in Chapter I of this manual.

### **FAMILY ACCESS TO MEDICAL INSURANCE SECURITY**

The Family Access to Medical Insurance Security Plan (FAMIS), administered by the Department of Medical Assistance Services, provides assistance with comprehensive health benefits coverage for children through the age of 18 who do not have any health insurance coverage. The plan is designed to cover children of working Virginia families who make too much to qualify for Medicaid but cannot afford or do not have access to other health insurance. Eligibility determinations and enrollment of eligible children are handled by a contractor at a central processing unit and by eligibility workers in local departments of social services. Eligible enrollees receive plastic ID cards like those eligible for Medicaid

Manual Title	Chapter	Page
All Manuals	III	17
Chapter Subject	Page Revision Date	
Recipient Eligibility	12/1/2011	

until they are enrolled into a managed care organization if one is available in their locality.

FAMIS enrollees cannot be Medicaid eligible. FAMIS coverage begins no earlier than the month in which an application is filed. The application form for FAMIS and FAMIS Plus (the “medically indigent” category of Medicaid) is the same and can be filed at either the central processing unit or a local department of social services. Effective August 1, 2003 children’s Medicaid will be called FAMIS Plus.

Once a child is found eligible, that child is enrolled in FAMIS and receives a plastic medical assistance card that shows the child’s name and identification number. During this initial period, medical coverage can be received from any Medicaid provider. Ongoing medical coverage, depending upon the area of the state where the child resides, will be provided by a managed care entity, either a Managed Care Organization (MCO) or a Primary Care Physician (PCP). Once a provider is assigned, medical services will be provided by the MCO network provider or PCP.

THE FAMIS PROGRAM ADMINISTERS TWO BENEFIT PACKAGES THROUGH TWO DELIVERY SYSTEMS. ONE IS A MODIFIED MEDICAID LOOK-ALIKE COMPONENT OFFERED THROUGH A FEE-FOR-SERVICE PROGRAM AND A PRIMARY CARE CASE MANAGEMENT PROGRAM (PCCM). THE OTHER PACKAGE IS MODELED AFTER THE STATE EMPLOYEE’S HEALTH PLAN AND IS DELIVERED BY CONTRACTED MANAGED CARE ORGANIZATIONS (MCOs). CHILDREN FOUND ELIGIBLE UNDER FAMIS ARE ELIGIBLE TO RECEIVE BENEFITS DESCRIBED IN THE STATE’S PLAN FOR THE STATE CHILDREN’S HEALTH INSURANCE PROGRAM (S-CHIP). THESE BENEFITS ARE SIMILAR TO THOSE COVERED UNDER THE *STATE PLAN FOR MEDICAL ASSISTANCE* EXCEPT FOR INPATIENT MENTAL HOSPITAL SERVICES, SUBSTANCE ABUSE SERVICES, ABORTION, TRANSPORTATION, AND SOME COST-SHARING LIMITATIONS.

The coverage offered through the PCCM Program or offered on a fee for service basis does not rely on contracts with MCOs. These two health care delivery systems are offered in areas that do not have contracted MCOs to provide coverage modeled after the state employee plan. In areas without contracted MCOs, those enrollees who transitioned from the CMSIP, the state’s previous children’s health program, to FAMIS and who were assigned to a primary care provider under the Primary Care Case Management (PCCM) Program continue to receive services through this program. In these areas, all newly eligible and enrolled FAMIS enrollees are assigned to the fee-for-service program.
