The 2-letter Industrial Activity Codes are: **HZ** - hazardous waste treatment, storage, or disposal facilities; **LF** - landfills/disposal facilities that receive or have received any industrial wastes; **SE** - steam electric power generating facilities; or, **TW** - treatment works treating domestic sewage.

4-Digit SIC Codes or 2-letter Industrial Activity Codes:

9. Attach a list identifying all the applicable industrial sectors that cover the stormwater discharges from the industrial activities at the facility, and from major co-located industrial activities that will be covered under this permit (see instructions). Also identify the stormwater outfalls associated with each identified sector.

## In addition to attaching the list, answer the questions below as they apply to the facility's discharges:

- **a.** For landfills (Sector L), indicate the type of landfill:
- b. For timber products operations (Sector A), indicate which outfalls (if any) receive discharges from wet decking areas:
- **c.** For all facilities, indicate which outfalls (if any) receive discharges from coal storage piles:
- d. For asphalt paving and roofing materials manufacturers (Sector D), indicate which outfalls (if any) receive discharges from asphalt paving and roofing emulsions production areas:
- e. For cement manufacturing facilities (Sector E), indicate which outfalls (if any) receive discharges from material storage piles:

f. For (Sector N) scrap recycling/waste recycling facilities that receive only source-separated recyclable materials, indicate which outfalls (if any) receive discharges from this activity. Also list the metals that are received (if any).

g. For primary airports (Sector S), list the average deicing season, and indicate which outfalls (if any) receive discharges from deicing of non-propeller aircraft, and the annual average departures of non-propeller aircraft.

10. Facility area information. List the total area of the facility (in acres), the area of industrial activity at the facility (in acres), the total impervious area of the industrial activity at the facility (in acres), and the area

(in acres) draining to each industrial activity outfall at the facility.

## 11. Attach the following maps to the registration statement:

a. General location map. A USGS 7.5 minute topographic map, or other equivalent computer generated map, with sufficient resolution to clearly show the location of the facility and the surrounding locale; and

b. Site map. A map showing the property boundaries, the location of all industrial activity areas, all stormwater outfalls, and all water bodies receiving stormwater discharges from the site.

12. Is this a new facility that commenced construction after June 30, 2014, located in the Chesapeake Bay watershed, and applying for first time general permit coverage? (see instructions) Yes No

If "yes", attach the required documentation (see instructions).

13. Certification: "I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or those persons directly responsible for gathering the information, the information submitted is to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations."

## REGISTRATION STATEMENT INSTRUCTIONS for DEQ WATER FORM SWGP-VAR05-RS VPDES General Permit for Industrial Activity Stormwater Discharges (VAR05)

## WHO MUST FILE THE REGISTRATION STATEMENT

The owner of any new or existing facility that has discharges of stormwater associated with industrial activity through a point source to surface waters, or through a municipal or non-municipal separate storm sewer system (MS4) to surface waters, may request coverage under this general permit by completing and submitting this Registration Statement. (See Table 1 for a list of the specific industrial activity sectors eligible for coverage under this general permit).

## WHERE TO FILE THE REGISTRATION STATEMENT

Submit the completed and signed Registration Statement to the DEQ Regional Office that serves the area where your facility is located. The Registration Statement may be submitted by either postal or electronic mail. The Permit Application Fee Form and your check for \$500 (made payable to "Treasurer of Virginia") should be sent to DEQ Receipts Control, P.O. Box 1104, Richmond, VA 23218. The Fee Form, Regional Office addresses and email addresses are available online at www.deq.virginia.gov, or by calling the DEQ at (804) 698-4000.

#### COMPLETENESS

In order for your application to be deemed complete and permit processing to proceed, all items must be completed, or "NA" entered if the item is not applicable. Attach extra sheets of paper if you need more space than the form allows.

## ANTIDEGRADATION REQUIREMENTS

Coverage under this general permit will not be granted unless the facility's stormwater discharges comply with Virginia's Antidegradation Policy under 9VAC25-260-30 of the Water Quality Standards. An individual permit application may be required to allow a proposed discharge to High Quality Waters (see 9VAC25-260-30 A 2), or permit coverage may be denied for a proposed discharge to Exceptional Waters (see 9VAC25-260-30 A 3). The Department will notify you if your discharges will not comply with the antidegradation requirements.

## SECTION-BY-SECTION INSTRUCTIONS

#### Section 1 Owner and Operator Information

Give the legal name of the person, firm, public organization, or other entity that owns the facility described in this Registration Statement. The name of the owner may or may not be the same as the name of the facility operator. The operator is the legal entity that controls the facility's operation. Do not use a colloquial name. Enter the complete address, phone number, and email address (if available) of the owner and the operator.

#### Section 2 Facility Information

Enter the facility's or site's official name and complete street address (911 address), including city, state, ZIP code, FAX number, and county name. Also include a contact name, phone number, and email address (if available).

#### Section 3 Nature of the Business

Provide a brief description of the nature of the business at the facility.

#### Section 4 Name of the Receiving Waters

Enter the names of the receiving waters for all the facility's industrial activity discharges (e.g., Clear Creek; unnamed tributary to Dragon Run; Southern Branch Elizabeth River; etc.).

#### Section 5 Discharges to a Municipal Separate Storm Sewer System (MS4)

If the facility discharges stormwater to an MS4, enter the name of the MS4 operator (e.g., municipality name, county name, VDOT, etc.). An MS4 is a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) that is owned or operated by the state (e.g., VDOT roadside ditch or catch basin), city, town, county, district, association, or other public body, which is designed or used for collecting or conveying stormwater.

Note: the general permit Special Condition 13 requires you to notify the MS4 owner in writing of the existence of the discharge within 30 days of coverage under this permit. The notification must include the following information: the name of the facility, a contact person and phone number, the location of the discharge, the nature of the discharge, and the facility's VPDES general permit registration number. DEQ must be copied with the notification.

#### Section 6 Existing VPDES Permits

List the permit numbers of any existing VPDES permits issued to the facility.

## Section 7 Stormwater Pollution Prevention Plan (SWPPP)

Owners of new facilities, facilities previously covered by an expiring individual permit, and existing facilities not currently covered by a VPDES permit who are applying for coverage under this general permit must prepare and implement a written SWPPP for the facility in accordance with the general permit requirements (see 9VAC25-151-70 et seq.) prior to submitting the Registration Statement.

If this is a new facility, a facility previously covered by an expiring individual permit, or an existing facility not currently covered by a VPDES permit, indicate if a SWPPP has been prepared.

#### Section 8 Facility SIC Codes

Identify up to four separate 4-digit Standard Industrial Classification (SIC) codes or 2-letter Industrial Activity Codes that best represent the principal products or services rendered by the facility and major co-located industrial activities. The 2-letter Industrial Activity Codes are: HZ - hazardous waste treatment, storage, or disposal facilities; LF - landfills/disposal facilities

that receive or have received any "industrial activity" wastes; SE - steam electric power generating facilities; or, TW - treatment works treating domestic sewage.

#### Section 9 Applicable Industrial Sectors

Attach a list identifying all the applicable industrial sectors that cover the stormwater discharges from the industrial activities at the facility, and from any co-located industrial activities that will be covered under this permit. Also identify the stormwater outfalls associated with each identified sector. The industrial sectors are listed in Table 1 (see page 3 of the instructions). Outfall numbers should match those shown on the Site Map required by Section 11. In addition to attaching the list, answer the seven additional questions in Section 9 as they apply to the facility's discharges.

#### Section 10 Facility Area Information

List the total area of the facility (in acres), the area of industrial activity at the facility (in acres), the total impervious area of the industrial activity at the facility (in acres), and the area (in acres) draining to each industrial activity outfall at the facility. Outfall numbers should match those shown on the Site Map required by Section 11.

#### Section 11 Required Maps to Attach

**a. General location map.** Attach a USGS 7.5 minute topographic map, or other equivalent computer generated map, with sufficient resolution to clearly show the location of the facility and the surrounding locale; and

**b.** Site map. Attach a map showing the property boundaries, the location of all industrial activity areas, all stormwater outfalls, and all water bodies receiving stormwater discharges from the site. Number the outfalls using a unique numerical identification code for each outfall (e.g., Outfall No. 001, No. 002, etc.). If you are reapplying for coverage under this general permit, outfall numbers should match what was previously submitted.

#### Section 12 New Facilities in the Chesapeake Bay Watershed that Commenced Construction After June 30, 2014

Virginia's Phase I Chesapeake Bay TMDL Watershed Implementation Plan (November 29, 2010) states that wasteloads for future growth for new facilities in the Chesapeake Bay watershed with industrial stormwater discharges cannot exceed the nutrient and sediment loadings that were discharged prior to the land being developed for the industrial activity. For purposes of this permit regulation, facilities that commence construction after June 30, 2014 must be consistent with this requirement to be eligible for coverage under this general permit.

If this is a new facility that commenced construction after June 30, 2014, in the Chesapeake Bay watershed, and you are applying for first time general permit coverage, you must attach documentation to the Registration Statement to show either:

a. That the total phosphorus load does not exceed the greater of: (i) the total phosphorus load that was discharged from the industrial area of the property prior to the land being developed for the new industrial activity, or (ii) 0.41 pounds per acre per year (the VSMP water quality design criteria). The documentation must include the measures and controls that were employed to meet this requirement, along with the supporting calculations. The owner may include additional non-industrial land on the site as part of any plan to comply with the no net increase requirement. Consistent with the definition of "site", this includes adjacent land used in connection with the facility.

Compliance with the water quality design criteria may be determined utilizing the Virginia Runoff Reduction Method or another equivalent methodology approved by the Board. Design specifications and pollutant removal efficiencies for specific BMPs can be found on the Virginia Stormwater BMP clearing house website at <u>www.vwrrc.vt.edu/swc</u>; or

b. The owner may consider utilization of any pollutant trading or offset program in accordance with §§ 62.1-44.19:23 of the Code of Virginia, governing trading and offsetting, to meet the no net increase requirement.

### Section 13 Signature and Certification

State statutes provide for severe penalties for submitting false information on this Registration Statement. State regulations require this Registration Statement to be signed as follows:

- For a corporation: by a responsible corporate officer. For the purpose of this section, a responsible corporate officer means: (1) A president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy- or decision-making functions for the corporation, or (2) the manager of one or more manufacturing, production, or operating facilities provided the manager is authorized to make management decisions which govern the operation of the regulated facility including having the explicit or implicit duty of making major capital investment recommendations, and initiating and directing other comprehensive measures to assure long term environmental compliance with environmental laws and regulations; the manager can ensure that the necessary systems are established or actions taken to gather complete and accurate information for permit application requirements; and where authority to sign documents has been assigned or delegated to the manager", submit a written verification that the authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures];
- For a partnership or sole proprietorship: by a general partner or the proprietor; or
- For a municipality, state, Federal, or other public facility: by a principal executive officer or ranking elected official.

#### Section 14 Delivery of Your Permit Electronically

If you would you like your permit sent to you electronically, check the box and list the email address where you would like the permit sent.
