

# APPLICATION FOR RENEWAL OF A RADIOACTIVE MATERIAL LICENSE AUTHORIZING THE USE OF SELF-SHIELDED IRRADIATORS

The Virginia Department of Health (VDH) is requesting disclosure of information for the purpose of renewing a radioactive material license. Failure to provide any information may result in denial or delay.

**Instructions** – Complete all items. Refer to VAREG 'Guidance for Self Shielded Irradiators' for additional information. Use supplementary sheets where necessary. Retain one copy and submit original of the entire application to: Virginia Department of Health, Radioactive Materials Program, 109 Governor Street, Room 730, Richmond, VA 23219.

# APPLICATION TYPE

Item 1 Type Of Application (Check box and fill in license number)

Renewal License Number

|------|--|
|      | <b>1 9.2 Radiation Monitoring Instruments</b> (Check one box)  |
|      | We will use instruments that meet the radiation monitoring instrument specifications published in Appendix K of VAREG 'Guidance for Self-Shielded Irradiators'. Additionally, each survey meter will have been calibrated by the manufacturer or other person authorized by VDH, the NRC or another Agreement State to perform survey meter calibrations no more than 12 months before the date the meter is used.   |
|      | OR   |
|      | We will use instruments that meet the radiation monitoring instrument specifications published in Appendix K of VAREG 'Guidance for Self-Shielded Irradiators'. Additionally, we will implement the model survey meter calibration program published in Appendix K of VAREG 'Guidance for Self-Shielded Irradiators' and we ensure that each survey meter will have been calibrated no more than 12 months before the date the meter is used.  |
|      | OR   |
|      | We will have access to survey equipment and/or procedures for ensuring that interlocks function, as required, to return moving self shielded irradiator sources to the shielded position and/or determining source shielding integrity after an incident involving the self shielded irradiator.   |
| Iten | n 9.3 Material Receipt And Accountability (Check box)  |
|      | Physical inventories will be conducted at intervals not to exceed 6 months, to account for all sealed sources and devices received and possessed under the license. Records of inventories will be maintained for 5 years from the date of each inventory, and shall include the radionuclides, quantities, manufacturer's name and model numbers, location, individual performing inventory and the date of the inventory.  |
| Iten | <b>19.4 Occupational Dose</b> (Check one box)  |
|      | We will maintain, for inspection by the agency, documentation demonstrating that unmonitored individuals are not likely to receive, in one year, a radiation dose in excess of 10 percent of the allowable limits in <b>12VAC5-481-640</b> .   |
|      | OR   |
|      | We will provide dosimetry processed and evaluated by a NVLAP-approved processor that is exchanged at a frequency recommended by the processor.   |

Item 9.8 Maintenance (Check one box for Routine Cleaning and Lubrication and one for Non-Routine Maintenance)

#### **ROUTINE CLEANING AND LUBRICATION:**

We will implement and maintain procedures for routine maintenance of our self shielded irradiators according to each manufacturer's (or distributor's) written recommendations and instructions.

Alternative procedures are attached.

#### NON-ROUTINE MAINTENANCE:

We will have the self shielded irradiator manufacturer (or distributor) or other person authorized by VDH, the NRC or another Agreement State perform the non-routine maintenance.

OR

OR

We will provide procedures that address the information listed in Appendix I of VAREG 'Guidance for Self-Shielded Irradiators' supporting a request for authorization to perform this work. (Procedures are attached)

### Item 9.9 Transportation (Check one box)

We choose to transfer possession of radioactive material to an irradiator manufacturer, distributor or service licensee with a VDH, NRC or another Agreement State license who then acts as the shipper.

OR

Before offering a Type B package for shipment we will be registered with the NRC as user of the package and obtain VDH approval of our QA program.

# DISPOSAL, TRANSFER AND LICENSE TERMINATION

#### Item 10 Disposal, Transfer and License Termination

#### Item 10.1 Disposal And Transfer (Check Box)

We will return the source to the manufacturer for disposal or transfer the device to a specific licensee authorized to receive radioactive material.

#### Item 10.2 Termination Of Activities (Check box)

We will notify the agency, in writing, within 30 days of the decision to permanently cease radioactive material use (12VAC5-481-500).

# LICENSE FEE

# Item 11 License Fees (INITIAL APPLICATIONS ONLY)

**CERTIFICATION** (To be signed by an individual authorized to make binding commitments on behalf of the applicant.)

#### Item 12

I hereby certify that this application was prepared in conformance with **12VAC5-481** 'Virginia Radiation Protection Regulations' and that all information contained herein, including any supplements attached hereto, is true and correct to the best of my knowledge and belief.
