Content for Training on Supervision for Clinical Social Work

Introduction:

Regulations Governing the Practice of Social Work (Section 18VAC 140-20-50.C) apply specifically to those practitioners who provide supervision to social workers who intend to apply for clinical licensure in the Commonwealth of Virginia.

The requirement states that supervisors must have 14 hours of continuing education in supervision or a three-hour graduate level course in supervision. A supervisor must renew the training every five years. This requirement recognizes the essential role good supervision plays in the training and mentoring of Social Workers desiring licensure. The supervisory role has a set of unique knowledge and skills that can be articulated and taught.
