Level of care tool for Virginia's DD Waivers for individuals 18 and older

**VIDES** 

# Instructions for Completing Virginia Individual DD Eligibility Survey

#### **General Documentation Rules**

- Use legal name. Do not use nicknames. (Example: [bold is the correct format] **Jacqueline Johnson** vs. Jackie Johnson or **William Brown** vs. Nate Brown )
- The form is to be completed in pen, not pencil.
- The individual's name should appear on all pages.
- The evaluator must be a support coordinator/support coordination supervisor/case manager who has been trained in the administration of the VIDES.
- Ensure that the evaluator's signature (full name) and professional title appear on the form. The
  evaluator is accountable for the scoring and may be contacted to discuss or verify the scoring of
  the assessment. No Eligibility Survey will be accepted without the complete name of the
  individual being evaluated and the complete name and professional title of the evaluator.
  (Example: [bold is the correct format] J. Cooper, RN = James Cooper, RN)
- The complete month, day, and year must be documented on the form as the date of completion. All three must be present.
- Consider the individual's *current* functioning in community environments. Complete the attached survey presuming the needed services and supports (paid or unpaid) are not in place for the individual.
- The VIDES must be completed in the presence of the individual, though others (e.g., family members, guardian, staff, etc.) who know him/her well may be informers.
- The VIDES must be updated annually and any time there is a significant change in the individual's life that potentially affects the results of this survey. Refusal to participate may jeopardize continued waiver services.

#### **DEFINITIONS:**

"No Assistance" means no help is needed.

"Prompting/Structuring" means prior to the completion of the action(s) described in the item, some verbal direction and/or some rearrangement of the environment is needed.

"Supervision" means that a helper must be present during the completion of the action(s) described in the item and provide only verbal direction, gestural prompts, and/or guidance.

"Some Direct Assistance" means that a helper must be present during the completion of the action(s) described in the item and provide some physical guidance/support (with or without verbal direction).

"Total Assistance" means that a helper must perform all or nearly all of the action(s) described in the item.

"Rarely" means that the behavior occurs quarterly or less.

"Sometimes" means that a behavior occurs once a month or less.

"Often" means that a behavior occurs 2-3 times a month.

"Regularly" means that a behavior occurs weekly or more.

#### VIRGINIA ID/DD ELIGIBILITY SURVEY

#### 1. **HEALTH STATUS**

How often does the individual require support (from a licensed nurse or other caregiver) for completion of the following?

Please put appropriate number in the box under year of assessment. (Key: 1= Rarely, 2=Sometimes, 3=Often, and 4=Regularly)

	Date:	Date:	Date:
a) Medication administration and/or evaluation for			
effectiveness of a medication regimen For example, the			
individual requires a nurse, parent, and/or other caregiver to			
administer medications to ensure compliance.			
b) Skilled nursing or RN delegated care for direct medical			
services.			
For example, the individual requires skilled medical care (inclusive of RN delegation [training and ongoing monitoring] of direct support professionals), to include but not limited to; tube feedings, wound care, prescribed range of motion exercises, ostomy care, etc.			
c) Regular monitoring of seizures and preventive measures			
For example, the individual has a diagnosed seizure disorder, and/or			
when seizure activity is suspected ongoing assessment by physician is			
needed for evaluation of the progression.			
d) Learning a prescribed regimen for a diagnosed chronic			
health care condition			
For example, the individual requires specific instruction/training, to			
self-manage a chronic condition, such as diabetes, wound care,			
respiratory illnesses, cardiac conditions, rheumatoid arthritis, range			
of motion for spasticity, Celiac Disease, Crohn's Disease, Dysphasia,			
special diet related to food allergies/sensitivities, etc.			
e) Management of care of diagnosed chronic health condition			
(e.g., cardio-pulmonary conditions)			
For example, the individual requires assistance from caregivers or			
therapists to manage a chronic condition, such as diabetes,			
rheumatoid arthritis, respiratory illnesses, cardiac conditions, Celiac			
Disease, Crohn's Disease, dysphasia, mental health disorders, special			
diets related to allergies/sensitivities, range of motion for spasticity,			
specialized therapies for Autism, Traumatic Brain Injury, etc.	1		
f) Physician prescribed OT/PT for activities of daily living			
supports			
For example, individual is currently receiving Occupational or			
Physical Therapy services that have been prescribed by a physician.			

g) Physician/Speech & Language Therapist/Occupational		
Therapist prescribed supports/protocol for choking/aspiration		
while eating, drinking		
For example, the individual has a diagnosed swallowing disorder		
such as dysphasia, requires a prescribed special diet to		
accommodate, such as thickeners for liquids and foods prepared in a		
certain manner (e.g., pureed to a specific consistency, food		
restrictions, or food cut into defined small bites, etc.). This should also		
include prescribed protocols to ameliorate any concerns with		
aspiration while sleeping related to positioning and any respiratory		
diagnosis/concerns.		
h) Supports for use of adaptive equipment		
For example, the individual has medical equipment for which they		
require assistance to utilize. This could include transfer systems,		
speech generating devices, wheelchairs, walkers, crutches, hospital		
bed, AFOs/splints, etc.		
i) Support for diagnosed nutritional concerns For example, the		
individual has dietary concerns to include food allergies, specialty		
diets for diagnosed condition, undernourishment, swallowing		
difficulties, clinical obesity, thyroid conditions, failure to thrive, etc.		

Notes/Comments:

03/15/2016 5

Ind	ividual's Name:
2.	COMMUNICATION
	How often does this person:

*Please put appropriate number in the box under the year of assessment.* ( Key: 1=regularly, 2=often, 3=sometimes, 4=rarely)

	Date:	Date:	Date:
a) Effectively share information?  For example, consider the individual's ability to share non-critical and critical information to effectively communicate with others, including unfamiliar listeners, on a consistent basis.			
b) Effectively communicate wants or needs in a manner easily understood by individuals in the community?  For example, consider the individual's ability to communicate wants and needs consistently to individuals in the community.  Communication of needs to be clear enough to enable others to appropriately identify actions needed to resolve the current concern expressed by the individual.			
c) Use at least simple words, phrases, short sentences? For example, consider the individual's ability to consistently able to utilize at least simple words, phrases, or short sentences to communicate basic wants and needs.			
d) Ask for at least 10 things using appropriate names?  For example, consider the individual's ability to consistently utilize the names of common people, places, or things to identify needs/wants.			
e) Understand simple words, phrases, or instructions For example, consider the individual's receptive communication skills to appropriately interpret what is being asked of him/her. Individuals who meet this category are unable to process directives and, in turn, require them to be repeated or explained in greater detail.			
f) Demonstrate the ability to initiate conversation  For example, consider the individual's ability to consistently produce spontaneous speech to enable him/her to have reciprocal conversations or to convey pertinent information in the event of an emergency.			
g) Identify self, place of residence, and significant others? For example, consider the individual's ability to consistently relay his/her own name, home address, phone number, identify individuals who reside in their home, as well as individuals who are consistently a part of their lives (e.g., immediate family, staff, teachers, doctors, or friends, etc.).			

Notes/Comments:

Individual	's Name	
mai viduui	o i tuillo.	

#### 3. TASK LEARNING SKILLS

How often does this person perform the following activities?

*Please put the appropriate number in the box under the year of assessment.* (Key: 1=regularly, 2=often, 3=sometimes, 4=rarely)

	Date:	Date:	Date:
a) Engage in purposeful activities (i.e., age appropriate			
activities that result in an outcome) for at least 5 minutes?			
For example, consider the individual's ability to maintain consistent			
focus and stay on task independently without distractibility while			
completing preferred or non-preferred activities to include, but not			
limited to activities of daily living (e.g., bathing, dressing, , using the			
bathroom, eating), household maintenance tasks, reciprocal			
conversation, etc.).			
b) Complete a multi-step (at least 3 steps) task without			
reminders?			
For example, consider the individual's ability to independently			
complete, as instructed, tasks requiring three steps such as activities			
of daily living, home maintenance tasks, job related tasks, etc.			
c) Tell time to the hour and understand time intervals?			
For example, consider the individual's ability to independently tell			
time to the hour using either a digital or analog clock and ability to understand the concept of the passage of time, discern how long			
activities take to complete, and the difference between time intervals			
(e.g., 15 minute verses 30 minutes, 30 minutes verses 45 minutes, etc.).			
d) Count more than 10 objects?			
For example, consider the individual's ability to independently			
complete the task of counting more than 10 objects placed before			
him/her.			
e) Perform single digit addition, subtraction?			
For example, consider the individual's ability to independently			
complete single digit addition and subtraction math problems (e.g.,			
3+2=; $5+3=$ ; $6-2=$ ; $8-3=$ ; etc.).			
f) Write or print 10 words?			
For example, consider the individual's ability to independently write			
at least ten words using pen or pencil. Additionally, this may include			
the individual's motor skills precluding him/her from writing legibly			
and/or the inability to write without copying words that are provided			
by someone else.			
g) Discriminate shapes, sizes and colors?			
For example, consider the individual's ability to identify primary			
(red, yellow, blue) or secondary colors (orange, green, purple),			
common shapes, (e.g., square, rectangle, triangle, circle, star), and			
distinguish which shapes are larger or smaller than others without			
assistance.			

h) Recognize persons, places, events, objects in their community?		
For example, consider an individual's ability to discriminate, without assistance, community members (such as police, firefighters, store		
clerks, doctors, nurses, postal carriers, etc.), places in his/her		
community (such as stores, police station, restrooms, restaurants,		
etc.), and common community objects (such as a fire engine,		
ambulance, traffic lights, crosswalks, etc.).		
i) Demonstrate comprehension of numerical concepts such as		
"one," "a few," and "a lot?"		
For example, consider the individual's ability to independently		
distinguish between "greater or less than" concepts such as a single		
item vs. "a couple of" items using common objects. "A few" can be		
considered to be three and "a lot" can be considered to be more than		
three.		

Notes/Comments:

Individual's Name:
--------------------

## 4. PERSONAL/SELF-CARE

With what type of assistance can this person currently:

Please put appropriate number in the box under year of assessment (Key: 1=No Assistance, 2=Prompting/Structuring, 3=Supervision, 4=Some Direct Assistance, 5=Total Assistance)

	Date:	Date:	Date:
a) Perform personal hygiene tasks?  For example, consider the individual's ability to complete hygiene tasks such as using the restroom, washing hands & face, tooth brushing without assistance (using adaptive equipment if necessary).			
b) Perform dining functions?  For example, consider the individual's ability to complete dining functions independently and safely (e.g., eating/drinking, using utensils, chewing & swallowing so as not to be at risk for choking).  Use of adaptive utensils alone does not constitute meeting this element.			
c) Perform bathing/showering functions?  For example, consider the individual's ability to independently and safely perform essential bathing/showering functions (e.g., run bath, adjust water temperature, bathe/shower, wash hair, dry self, etc.).			
d) Perform grooming tasks?  For example, consider the individual's ability to perform regular grooming tasks (e.g., dressing, undressing, hair care, maintain overall neat appearance).			

Notes/Comments:

Individual's Name:	
--------------------	--

#### 5. MOTOR SKILLS

With what type of assistance can this person currently:

Please put appropriate number in the box under the year of assessment. (Key: 1=No Assistance, 2=Prompting/Structuring, 3=Supervision, 4=Some Direct Assistance, 5=Total Assistance)

	Date:	Date:	Date:
a) Move safely about his/her environment using assistive			
devices as needed?			
For example, consider the individual's ability to maneuver safely			
about his/her surroundings (e.g., level of assistance required with transferring or to getting from one area of the home to another).			
b) Safely get in and out of bed?			
For example, consider the individual's level of assistance required to move into and out of the bed.			
c) Turn and position in bed, roll over?  For example, consider the individual's ability to comfortably position him/herself, and/or adjust positions as needed.			
d) Demonstrate fine motor control or eye-hand coordination? For example, consider the individual's ability to complete tasks that require manual dexterity and eye-hand coordination (e.g., buttoning, tying shoes, using a writing device, locking/unlocking doors, assembling a puzzle, turning knobs, pushing buttons, or flipping light switches).			

Notes/Comments:

Individual's Name:
--------------------

#### 6. BEHAVIOR

How often does this person:

Please put appropriate number in the box under the year of assessment.

(Key: 1=Rarely, 2=Sometimes, 3=Often, 4=Regularly)

(1xoy: 1—realory, 2—sometimes, 5—oriem, 1—regularly)			
	Date:	Date:	Date:
a) Engage in behavior that results in harm or injury to			
oneself?			
For example, consider the frequency with which the individual			
intentionally engages in activities that cause bodily harm to			
him/herself (e.g., hair pulling, skin picking, head banging, etc.).			
b) Demonstrate aggressive or threatening behavior toward			
others?			
For example, consider the frequency with which the individual			
engages in actions with the intent to cause harm and/or fear in others.			
This can be physical or verbal in nature. This includes behavior as			
communication, but does not include hitting due to spasticity.			
c) Engage in property destruction?			
For example, consider the frequency with which the individual			
engages in intentional activities that cause damage and/or destruction			
to public or private property. This can also be due to neglect of			
property.			
d) Respond to others in a socially inappropriate manner?			
For example, consider the frequency with which the individual's			
interactions with others are considered odd, embarrassing, awkward,			
or otherwise offensive by the standards of social appropriateness as			
defined by the current social and cultural norms (e.g., slamming			
doors, throwing objects, cursing, yelling).			
e) Engage in inappropriate sexual behavior in public?			
For example, consider the frequency with which the individual			
engages in behavior that includes stimulating or exposing sex organs			
or other regions of the body that are globally considered to be private.			
This may occur independently or with a partner in an area that does			
not have a reasonable expectation of privacy.			

Notes/Comments:

Individual's Name:	
Individual's Name:	

#### 7. COMMUNITY LIVING SKILLS

With what type of assistance is this person currently able to:

Please put appropriate number in the box under the year of assessment. (Key: 1=No Assistance, 2=Prompting/Structuring, 3=Supervision, 4=Some Direct Assistance, 5=Total Assistance)

Assistance, 3–10tal Assistance)			1
	Date:	Date:	Date:
a) Prepare simple foods?  For example, consider the individual's ability to prepare meals that			
do not require mixing or cooking (e.g., sandwiches, cereals, etc.).			
b) Perform housecleaning and laundry tasks?  For example, consider the individual's ability to complete housekeeping tasks such as sweeping, vacuuming, dusting, operating washer/dryer, sorting/folding laundry, etc.			
c) Identify and calculate the value of coins and bills up to			
two dollars?			
For example, consider the individual's ability to identify a variety of actual U.S. coins/bills and indicate the value of a variety of combinations totally up to, but no more than two dollars.			
d) Use telephone to call home, family, or EMS?			
For example, consider the individual's ability to use the telephone to			
make important calls such as to his/her home, family, or EMS without			
assistance (for assessment purposes provide the individual with a			
telephone and ask how to call home, family, or EMS).			
e) Recognize and appropriately respond to dangerous			
situations that might put health or safety at risk or lead to			
exploitation?			
For example, consider the individual's ability to demonstrate			
practical knowledge of the appropriate response to safety signs (e.g.,			
a stop sign means to stop and wait until it is your turn to cross the			
street; a skull & crossbones means poison and not to ingest, etc.), as			
well as the appropriate response to "strangers," and the need to lock			
the door to one's home.			
f) Remain safely in the community without wandering off or			
becoming lost?			
For example, consider the individual's ability to remain in his/her			
community setting without direct supervision. Indicate if the individua	l		
leaves/bolts/runs away/wanders from his/her			
residence/street/neighborhood and is unable to return home.			
g) Make minor purchases?			
For example, consider the individual's ability to use a vending			
machine, purchase snacks or other small items from a convenience or			
drug store.			

Notes/Comments:

Individual's Name:
--------------------

# 8. SELF DIRECTION SKILLS

Does this person:

Please put appropriate number in the box under the year of assessment. (Key: 1=Yes; 2=No)

	Date:	Date:	Date:
a) Make and implement daily personal decisions regarding			
daily schedule or time management, including when to get			
up, what to do (e.g., work, leisure, home chores, etc.) and			
when to go to bed?			
For example, consider the individual's ability to manage his/her time			
by determining when to perform routine activities of daily living, set			
his/her own schedule. This question assesses the individuals' ability to			
prioritize and make decisions regarding level of importance and need.			
b) Make and implement major life decisions such as choice			
of, type, and location of living arrangements, marriage,			
voting, and career choice?			
For example, consider the individual's ability to choose and follow			
up with decisions about where to live, whether to vote, where to work,			
whether to engage in an intimate relationship/marry.			
c) Demonstrate adequate social skills to establish and			
maintain interpersonal relationships with family, friends,			
classmates, co-workers as applicable?			
For example, consider the individual's ability to demonstrate social			
skills such as maintaining eye contact, appropriate social distance, appropriate voice modulation, appropriate touching depending on the			
type of relationship, etc.			
d) Demonstrate the ability to cope with fears, anxieties or			
frustrations; emotionally stable?			
For example, consider the individual's ability to cope with daily			
stressors and frustrations. The individual's overall level of emotional			
well-being is addressed here. It may help to assess the individual's			
ability to name and describe emotions to the best of his/her ability			
(e.g., if the individual does not communicate with words, pictures of			
faces could be matched with the evaluator's words for emotions in			
order to assess the ability to define different emotions).			
e) Demonstrate the ability to manage personal finances,			
including making decisions regarding allocation of financial			
resources and keeping track of financial obligations?			
For example, consider the individual's ability to manage his/her own			
checking/savings account, pay regular bills, appropriate needed			
funds, live within his/her budget, etc. If the person has a legally			
appointed conservator, the answer would be no. Having a			
representative payee does not necessarily result in a "met" unless the			
individual is truly unable to manage his/her personal finances.			

f) Demonstrate awareness of a variety of community		
activities such as religious services, continuing education,		
sports, volunteer organizations, movies, shopping visiting		
friends, etc., and select and participate in his/her choice of		
activities?		
For example, consider the individual's awareness of community		
activities such as those listed and ability to choose to participate in		
different venues with family and friends. This question indirectly		
addresses self-advocacy and the capacity for self-determination.		
g) Demonstrate knowledge of and competence for several		
traits of a good employee/student (as appropriate for age)		
such as being prompt, attending regularly, accepting		
supervision/guidance, and getting along with co-		
workers/fellow students?		
For example, consider the individual's ability to demonstrate or		
articulate important traits of either a good employee or student		
(depending on age) such as being on time, regular		
attendance/participation, accepting supervision/guidance, getting		
along with co-workers/fellow students, etc. Discussing the		
individual's history in a school or work setting may assist.		
h) Demonstrate the ability to state a vocational preference		
and describe with reasonable accuracy the education and		
skills required?		
For example, consider the individual's ability to express an		
employment or career goal (regardless of others' impressions of its		
being "realistic") and describe the necessary steps in order to attain		
this goal.		
i) Demonstrate the ability to protect self from exploitation		
For example, consider the individual's ability to avoid opening the		
door to his/her home to strangers, avoid giving money to strangers,		
avoid accepting invitations from strangers, and practicing safe		
internet behaviors while on a computer.		

Notes/Comments:
